

SWAAGAT Factories and Boilers Services Selection Guide

Department: Factories & Boilers Organisation

Document Type: Service Discovery and Selection Guide

Status: Published — Department Verified and Approved for Chatbot Use

Purpose: Help users identify the correct factory, boiler, pipeline, welder, manufacturer, closure, reopening, return, licence, renewal, or amendment service available through SWAAGAT.

1. Purpose of This Guide

This guide helps the SWAAGAT AI Assistant understand which Factories and Boilers service may match a user's situation.

This guide is meant for service selection only.

It should help answer questions such as:

- I am setting up a new factory. Which approval should I apply for?
- My existing factory layout has changed. Which service is required?
- I need a factory licence.
- My factory licence is expiring.
- I need to change details in my factory licence.
- I want to close or reopen my factory.
- I have installed a new boiler.
- My boiler certificate needs renewal.
- I want approval for a steam pipeline.
- I am a boiler manufacturer or boiler erector.
- I am an IBR welder. Which service should I use?

Changing information such as documents, fees, CAF requirement, processing time, approval flow, certificate validity, and payment rules must come from the automatically generated service knowledge and not from this document.

2. Important Selection Principles

The chatbot should first identify whether the user's request relates to:

- A factory
- A boiler
- A steam pipeline
- A boiler feed pipeline
- A boiler manufacturer
- A boiler erector or repairer
- An IBR welder
- Factory closure or reopening
- Factory return or report filing

For factory-related questions, the chatbot should identify whether the user needs:

- New plan approval
- Revised plan approval
- New factory licence
- Renewal of an existing factory licence
- Amendment of an existing factory licence
- Closure or de-registration
- Reopening
- Clearance certificate
- Return or report filing

For boiler-related questions, the chatbot should identify whether the user needs:

- New boiler registration
- Renewal of boiler certificate
- Steam pipeline approval
- Boiler feed pipeline approval
- Boiler manufacturer approval
- Boiler erector firm approval
- Erector or repairer endorsement
- IBR welder endorsement

The chatbot must not recommend a service only because the user mentions the words “factory,” “boiler,” “pipeline,” “license,” or “approval.”

3. Quick Service Selection Guide

Factory Plan and Factory Licence Services

New Factory Plan Drawing Approval — Service ID 30

Consider when the user is planning a new factory and requires approval of the proposed factory plan or drawing.

Revised Plan Drawing Approval for Existing Factory — Service ID 39

Consider when an existing factory has proposed changes to its approved layout, construction, machinery arrangement, building plan, or drawing.

Grant of Factory License — Service ID 40

Consider when the factory setup or plan stage is complete and the user needs a new factory licence to operate.

Renewal of Factory License — Service ID 41

Consider when the user already has a factory licence and wants to continue it for another validity period.

Amendment of Factory License — Service ID 42

Consider when the user already has a factory licence but needs to change information recorded in that licence.

Clearance Certificate for Establishment/Unit — Service ID 43

Consider when the user specifically requires a clearance certificate for an establishment or unit.

The chatbot must ask what the clearance is required for before recommending this service.

Approval for Closure of Factory/De-registration — Service ID 44

Consider when the factory has stopped or will stop operations and the user wants official closure or de-registration.

Approval for Re-opening of Factory — Service ID 45

Consider when a factory that was previously closed wants to resume operations.

Online Return/Report — Service ID 46

Consider when an existing factory or regulated establishment needs to submit a periodic return, report, or statutory filing.

Boiler and Pipeline Services

Approval of New Boiler Registration — Service ID 52

Consider when a new boiler has been installed or is proposed for use and needs registration or approval.

Renewal of Boilers Certificate — Service ID 53

Consider when the user already has a registered boiler and its certificate requires renewal.

Approval for Steam Pipeline Erection — Service ID 54

Consider when the user needs approval for the erection or installation of a steam pipeline.

Endorsement of Boiler Erector/Repairer — Service ID 55

Consider when an individual or entity seeks endorsement relating to boiler erection or boiler repair work.

The exact applicant type must be verified before recommendation.

Endorsement of IBR Welder — Service ID 56

Consider when a welder seeks endorsement or recognition for work governed by applicable boiler regulations.

Approval of Firms as Boiler Erector/Approval of Boiler Erectors — Service ID 57

Consider when a firm or organisation seeks approval to operate as a boiler erector.

The chatbot should distinguish this service from an individual endorsement request.

Approval of Boiler Manufacturers — Service ID 58

Consider when a business or manufacturing unit seeks approval to manufacture boilers.

Approval of Boiler Feed Pipeline — Service ID 73

Consider when the user needs approval for a boiler feed-water pipeline or related feed pipeline system.

The chatbot must distinguish a boiler feed pipeline from a steam pipeline.

4. Service Selection Questions

Before recommending a factory-related service, ask:

1. Is this for a new factory or an existing factory?
2. Do you need plan approval or a factory licence?
3. Do you already have a factory licence?
4. Are you renewing the licence or changing licence details?
5. Has the factory been closed?
6. Are you trying to reopen a previously closed factory?
7. Do you only need to submit a periodic return or report?
8. Do you need a clearance certificate for a specific purpose?

Before recommending a boiler-related service, ask:

1. Is this for a boiler, steam pipeline, or boiler feed pipeline?
 2. Is the boiler new or already registered?
 3. Do you need new registration or certificate renewal?
 4. Are you a boiler owner, manufacturer, erector, repairer, or welder?
 5. Are you applying as an individual or as a firm?
 6. Is the pipeline carrying steam or boiler feed water?
 7. Are you seeking approval for installation, registration, endorsement, or renewal?
-

5. Detailed Service Profiles

5.1 New Factory Plan Drawing Approval

Service ID: 30

Department: Factories & Boilers Organisation

Common Names and User Terms

- New factory plan approval
- Factory drawing approval
- New factory layout approval
- Factory building plan approval
- Factory plan sanction
- Naya factory plan approval
- Factory ka drawing approve karwana hai

Who Should Consider This Service?

A person, enterprise, or establishment planning to set up a new factory and seeking approval of its proposed factory plan or drawing.

Consider This Service When

- The factory has not yet been established.
- A new factory building or layout is being proposed.
- The user wants approval of a new factory drawing.
- The user is at the pre-establishment planning stage.
- The user specifically asks for a new factory plan approval.

Do Not Recommend This Service When

- The factory already has an approved plan and changes are now proposed.
- The user only needs a factory licence.
- The user wants renewal of an existing licence.
- The user wants amendment of licence details.
- The user wants approval relating only to a boiler.

Clarification Questions

1. Is this a completely new factory?
2. Has any factory plan already been approved?
3. Are you applying for plan approval or for the factory licence?
4. Are you changing an existing approved factory layout?

Related or Confusing Services

- Revised Plan Drawing Approval for Existing Factory — Service ID 39
- Grant of Factory License — Service ID 40
- Electrical Line Clearance for Building Plan Approval — Service ID 7

Common User Phrases

- I want to set up a new factory.
- Factory plan approval chahiye.
- New factory ka drawing approve karwana hai.
- Which service is required before building a factory?
- I need factory layout approval.

Recommendation Restriction

Do not treat this service as the factory operating licence. Plan approval and factory licence are separate service purposes.

5.2 Revised Plan Drawing Approval for Existing Factory

Service ID: 39

Department: Factories & Boilers Organisation

Common Names and User Terms

- Revised factory plan
- Existing factory drawing revision
- Factory layout amendment
- Revised building plan for factory
- Factory expansion plan approval
- Existing factory ka drawing change
- Factory layout revise karna hai

Who Should Consider This Service?

An existing factory proposing changes to its previously approved plan, drawing, building layout, machinery layout, or factory arrangement.

Consider This Service When

- The factory already exists.
- A factory plan was previously approved.
- The factory layout or drawing is being changed.

- An extension, alteration, or revision is proposed.
- The user asks for revised drawing approval.

Do Not Recommend This Service When

- The factory is completely new and has no approved plan.
- The user only wants to amend licence information.
- The factory licence is expiring.
- The user is applying for closure or reopening.
- The request is only for an urban building-plan revision unrelated to factory approval.

Clarification Questions

1. Does the factory already have an approved plan?
2. What type of change is being made to the factory?
3. Is the change in the building, layout, machinery arrangement, or another part of the plan?
4. Do you need plan revision or factory licence amendment?

Related or Confusing Services

- New Factory Plan Drawing Approval — Service ID 30
- Amendment of Factory License — Service ID 42
- Permission for Alteration and Addition/Revision of Building Plans — Service ID 89

Common User Phrases

- Existing factory ka plan change karna hai.
- I have modified my factory layout.
- Factory expansion ke liye revised drawing approval chahiye.
- We changed the machinery layout.
- Our existing factory plan needs revision.

Recommendation Restriction

Do not confuse a revised factory plan with an amendment to the factory licence. Ask what information or physical layout is changing.

5.3 Grant of Factory License

Service ID: 40

Department: Factories & Boilers Organisation

Common Names and User Terms

- New factory licence
- Factory operating licence
- Factory license registration
- Factory licence approval
- Factory chalane ka licence
- New factory license apply

Who Should Consider This Service?

An establishment seeking a new factory licence for operating a factory.

Consider This Service When

- The user needs a new factory licence.
- The user does not already hold the required factory licence.
- The user has completed or is completing the necessary factory establishment steps.
- The user specifically asks for permission or licence to operate a factory.

Do Not Recommend This Service When

- The user already holds a licence and wants renewal.
- The user wants to change existing licence information.
- The user only needs plan approval.
- The factory is being closed or reopened.
- The request is for registration of a boiler.

Clarification Questions

1. Do you already have a factory licence?
2. Is this a new factory?
3. Has the factory plan been approved?
4. Are you asking for a new licence, renewal, or amendment?

Related or Confusing Services

- New Factory Plan Drawing Approval — Service ID 30
- Renewal of Factory License — Service ID 41
- Amendment of Factory License — Service ID 42
- Existing Licence Upload workflow

Common User Phrases

- I need a factory licence.
- New factory start karne ka licence chahiye.
- Factory operating permission kaise milega?
- Which service should I apply for to run a factory?
- I do not have a factory licence yet.

Recommendation Restriction

Do not recommend a new grant when the user already has a factory licence and only needs renewal or amendment.

5.4 Renewal of Factory License

Service ID: 41

Department: Factories & Boilers Organisation

Common Names and User Terms

- Factory licence renewal
- Renew factory license
- Factory licence extension
- Factory licence expiring
- Factory ka licence renew karna hai
- Existing factory licence renewal

Who Should Consider This Service?

A factory that already holds a factory licence and wants to continue its validity.

Consider This Service When

- The user already has a factory licence.
- The licence is nearing expiry or has expired.
- The user wants continuation rather than a new grant. □ The user specifically asks for renewal.

Do Not Recommend This Service When

- The user has never received a factory licence. □ The user wants to change licence details.
- The user wants revised factory-plan approval.
- The factory is being permanently closed.
- The user is asking about boiler certificate renewal.

Clarification Questions

1. Do you already have a factory licence?
2. Is the licence currently valid, nearing expiry, or expired?
3. Do you want renewal or do you need to change details?
4. Are you referring to a factory licence or a boiler certificate?

Related or Confusing Services

- Grant of Factory License — Service ID 40
- Amendment of Factory License — Service ID 42
- Renewal of Boilers Certificate — Service ID 53

Common User Phrases

- My factory licence is expiring.
- Factory licence renew kaise karu?
- I need to continue my existing factory licence.
- My licence validity is over.
- Which service is for factory licence renewal?

Recommendation Restriction

The chatbot must not determine the user's actual renewal eligibility or expiry date from this guide. Those details require live licence data and configured renewal rules.

5.5 Amendment of Factory License

Service ID: 42

Department: Factories & Boilers Organisation

Common Names and User Terms

- Factory licence amendment
- Change factory licence details
- Correct factory licence
- Factory licence modification
- Factory licence me change
- Licence details update

Who Should Consider This Service?

A factory licence holder who needs to modify, correct, or update information recorded in an existing factory licence.

Consider This Service When

- The user already has a factory licence.
- Licence information needs to be corrected or updated.
- The request is specifically about amendment rather than renewal.
- The factory continues to operate but licence particulars have changed.

Do Not Recommend This Service When

- The user has no factory licence.
- The licence only needs renewal.
- The physical factory plan or layout requires revision.
- The factory is closing or reopening.
- The user wants amendment of an urban building plan rather than a factory licence.

Clarification Questions

1. Do you already have a factory licence?
2. Which licence detail needs to be changed?
3. Are you changing licence information or the factory plan?
4. Is the licence also due for renewal?

Related or Confusing Services

- Revised Plan Drawing Approval for Existing Factory — Service ID 39
- Renewal of Factory License — Service ID 41
- Grant of Factory License — Service ID 40

Common User Phrases

- Factory licence me address change karna hai.

- I need to correct my factory licence.
- Company details changed in my factory licence.
- Factory licence update karna hai.
- Which service is used to amend factory licence details?

Recommendation Restriction

Do not assume which changes are legally permitted through amendment. The department must verify the amendment type.

5.6 Clearance Certificate for Establishment/Unit

Service ID: 43

Department: Factories & Boilers Organisation

Common Names and User Terms

- Factory clearance certificate
- Establishment clearance
- Unit clearance certificate
- Clearance for industrial unit
- Factory unit clearance
- Establishment ka clearance certificate

Who Should Consider This Service?

An establishment or unit specifically requiring a clearance certificate from the Factories & Boilers Organisation.

Consider This Service When

- The user clearly asks for a clearance certificate.
- Another authority or process requires a clearance from the Factories & Boilers Organisation.
- The user identifies the establishment or unit for which clearance is needed.

Do Not Recommend This Service When

- The user merely wants a factory licence.
- The user wants plan approval.
- The user wants closure or de-registration.
- The user does not know what kind of clearance is required.
- The request belongs to a different department.

Clarification Questions

1. Why is the clearance certificate required?
2. Which establishment or unit is involved?
3. Has another department asked for this clearance?
4. Do you need a licence, certificate, or no-objection clearance?

Related or Confusing Services

- Grant of Factory License — Service ID 40
- Approval for Closure of Factory/De-registration — Service ID 44
- Other departmental clearances

Common User Phrases

- I need clearance for my factory unit.
- Establishment clearance certificate chahiye.
- Another department asked for factory clearance.
- How do I obtain a unit clearance certificate?

Recommendation Restriction

Do not recommend this service until the user explains the purpose of the clearance.

5.7 Approval for Closure of Factory/Deregistration

Service ID: 44

Department: Factories & Boilers Organisation

Common Names and User Terms

- Factory closure approval

- Factory de-registration
- Close factory licence
- Factory permanently band karna
- Cancel factory registration
- Surrender factory licence

Who Should Consider This Service?

A factory or establishment that intends to stop operations and formally close or de-register the factory.

Consider This Service When

Factory operations are permanently stopping.

The user wants official closure.

- The user asks to de-register the factory.
- The user wants to surrender or close the factory registration.

Do Not Recommend This Service When

- The shutdown is only temporary and the user plans to resume.
- The user wants renewal.
- The user wants amendment of licence details.
- The factory was already closed and the user now wants to reopen it.
- The user only wants to cancel an application that is still being processed.

Clarification Questions

1. Is the factory closing permanently or temporarily?
2. Has production already stopped?
3. Do you want de-registration or only temporary suspension?
4. Do you plan to reopen the factory later?
5. Are you closing the factory itself or cancelling a pending application?

Related or Confusing Services

- Approval for Re-opening of Factory — Service ID 45
- Amendment of Factory License — Service ID 42
- Application cancellation, where supported

Common User Phrases

- I want to close my factory.
- Factory de-register kaise kare?
- We have permanently stopped production.
- Factory licence surrender karna hai.
- Which service is used for factory closure?

Recommendation Restriction

Do not treat cancellation of a pending application as factory closure or de-registration.

□

□

5.8 Approval for Re-opening of Factory

Service ID: 45

Department: Factories & Boilers Organisation

Common Names and User Terms

- Factory reopening approval
- Restart closed factory
- Reopen factory licence
- Factory dobara start karna
- Resume factory operations
- Reopening permission

Who Should Consider This Service?

A factory that was previously closed and now seeks approval to resume operations.

Consider This Service When

- The factory was officially closed.
- Factory operations are to be resumed.
- The user asks for permission to reopen.
- The factory has an earlier closure or de-registration history that requires reopening approval.

Do Not Recommend This Service When

- The factory was never formally closed.
- The user only needs licence renewal.
- The user is starting a completely new factory.
- The user only paused work temporarily without closure.
- The user wants amendment of factory licence details.

Clarification Questions

1. Was the factory previously officially closed or de-registered?
2. Do you have an earlier factory licence or closure approval?
3. Are you restarting the same unit?
4. Do you also need renewal or amendment of the licence?

Related or Confusing Services

- Approval for Closure of Factory/De-registration — Service ID 44
- Grant of Factory License — Service ID 40
- Renewal of Factory License — Service ID 41
- Amendment of Factory License — Service ID 42

Common User Phrases

- I want to reopen my closed factory.
- Factory dobara start karna hai.
- We received closure approval but now want to resume.
- Which service is needed to restart factory operations?

Recommendation Restriction

Do not recommend reopening merely because a factory licence expired. Licence renewal and reopening are different situations.

5.9 Online Return/Report

Service ID: 46

Department: Factories & Boilers Organisation

Common Names and User Terms

- Factory return filing
- Online factory report
- Annual return
- Periodic factory return
- Compliance report filing
- Factory return submit karna hai

Who Should Consider This Service?

An existing factory or regulated unit that needs to file a return or report through the Factories & Boilers Organisation.

Consider This Service When

□

□

- The user asks to submit a periodic return.
- The user mentions annual, monthly, quarterly, or statutory reporting.
- The user already has an establishment or factory and needs compliance filing.
- The user specifically refers to an online return or report.

Do Not Recommend This Service When

- The user needs a new factory licence.
- The user needs licence renewal.
- The user wants to amend the licence.
- The user wants certificate download.
- The user is asking about a tax return rather than a factory return.

Clarification Questions

1. Which return or report do you need to submit?
2. Is this for a factory, boiler, or another establishment?
3. What is the reporting period?
4. Are you asking about a factory return or a tax return?

Related or Confusing Services

- Application for Profession Tax Return Filing & Tax Payment — Service ID 12
- Combined Return — Labour Service ID 38
- Factory licence services

Common User Phrases

- I need to file my factory annual return.
- Factory report online submit kaise kare?
- Which service is for statutory factory return?
- I need to upload a compliance report.

Recommendation Restriction

Do not guess which return period or return type applies. Ask the user to identify the report.

5.10 Approval of New Boiler Registration

Service ID: 52

Department: Factories & Boilers Organisation

Common Names and User Terms

- New boiler registration
Boiler approval
Register new boiler
- Boiler installation registration
- Naya boiler register karna hai
- Boiler certificate for new boiler

Who Should Consider This Service?

A boiler owner or establishment seeking registration or approval of a new boiler.

Consider This Service When

- A new boiler has been installed or is proposed for operation.
- The boiler has not been registered before.
- The user wants initial boiler registration.
- The user asks for approval of a new boiler.

Do Not Recommend This Service When

- The boiler is already registered and only its certificate requires renewal.
- The request is only for a steam pipeline.
- The request is for a boiler feed pipeline.
- The applicant is a boiler manufacturer seeking manufacturer approval.
- The user seeks approval as a boiler erector.

Clarification Questions

1. Is the boiler new or already registered?
2. Do you need initial registration or certificate renewal?
3. Is the request for the boiler itself or for a connected pipeline?
4. Are you the boiler owner, manufacturer, or erector?

Related or Confusing Services

□

□

- Renewal of Boilers Certificate — Service ID 53
- Approval for Steam Pipeline Erection — Service ID 54
- Approval of Boiler Feed Pipeline — Service ID 73
- Approval of Boiler Manufacturers — Service ID 58

Common User Phrases

- We installed a new boiler.
- Boiler registration chahiye.
- How do I obtain approval for a new boiler? □ New boiler ka certificate kaise milega?

Recommendation Restriction

Do not recommend new registration for a boiler that is already registered and only needs renewal.

5.11 Renewal of Boilers Certificate

Service ID: 53

Department: Factories & Boilers Organisation

Common Names and User Terms

- Boiler certificate renewal
- Renew boiler licence
- Boiler certificate expired
- Boiler validity renewal
- Boiler ka certificate renew karna hai
- Existing boiler renewal

Who Should Consider This Service?

A boiler owner whose existing boiler certificate requires renewal.

Consider This Service When

- The boiler is already registered.

- A boiler certificate already exists.
- The certificate is nearing expiry or has expired.
- The user explicitly asks for boiler certificate renewal.

Do Not Recommend This Service When

- The boiler is new and not registered.
- The user is asking for factory licence renewal.
- The user wants approval for a pipeline.
- The user is a manufacturer, erector, repairer, or welder seeking professional approval.

Clarification Questions

1. Is the boiler already registered?
2. Do you have an existing boiler certificate?
3. Is the certificate nearing expiry or already expired?
4. Are you referring to a boiler certificate or factory licence?

Related or Confusing Services

- Approval of New Boiler Registration — Service ID 52
- Renewal of Factory License — Service ID 41

Common User Phrases

- My boiler certificate is expiring.
- Boiler renewal kaise kare?
- Existing boiler ka certificate renew karna hai.
- Which service is for renewal of boiler approval?

Recommendation Restriction

Do not infer the actual certificate expiry date or renewal eligibility from this guide. Use live certificate and renewal data.

5.12 Approval for Steam Pipeline Erection

Service ID: 54

Department: Factories & Boilers Organisation

Common Names and User Terms

- Steam pipeline approval
- Steam pipe erection
- Steam line installation approval
- IBR steam pipeline approval
- Steam pipeline lagana hai
- Steam pipe approval

Who Should Consider This Service?

An establishment proposing erection or installation of a steam pipeline.

Consider This Service When

- A new steam pipeline is being installed.
- The user specifically refers to steam-carrying piping.
- Approval is needed for steam pipeline erection.
- The request relates to connecting a boiler to steam-using equipment through a steam pipeline.

Do Not Recommend This Service When

- The pipeline is a boiler feed-water pipeline.
- The request is for registration of the boiler itself.
- The applicant is applying as an IBR welder.
- The applicant seeks approval as a boiler erector firm.
- The user wants factory plan approval.

Clarification Questions

1. Will the pipeline carry steam or feed water?
2. Is this a new pipeline installation?
3. Is the boiler already registered?
4. Do you need pipeline approval or boiler registration?

Related or Confusing Services

- Approval of Boiler Feed Pipeline — Service ID 73
- Approval of New Boiler Registration — Service ID 52
- Endorsement of IBR Welder — Service ID 56

Common User Phrases

- I need to install a steam pipeline.
- Steam line approval chahiye.
- Which service is for steam pipe erection?
- We are connecting a boiler through a steam line.

Recommendation Restriction

Confirm that the pipeline carries steam before recommending this service.

5.13 Endorsement of Boiler Erector/Repairer

Service ID: 55

Department: Factories & Boilers Organisation

Common Names and User Terms

- Boiler erector endorsement
- Boiler repairer endorsement
- Boiler repair licence
- Boiler erection approval
- Boiler repairer registration
- Erector/repairer endorsement

Who Should Consider This Service?

An applicant seeking endorsement relating to boiler erection or repair activity.

Consider This Service When

- The applicant performs boiler erection work.
- The applicant performs boiler repair work.
- The applicant specifically seeks endorsement as an erector or repairer.
- The request relates to professional or technical recognition for this activity.

Do Not Recommend This Service When

- A firm seeks approval as a boiler erector and a separate firm-approval service applies.
- The applicant is an IBR welder.
- The user is a boiler owner seeking boiler registration.
- The applicant is a boiler manufacturer.
- The request is only for pipeline approval.

Clarification Questions

1. Are you applying as an individual or as a firm?
2. Do you work as a boiler erector, boiler repairer, or both?
3. Are you seeking endorsement or approval of your firm?
4. Are you instead applying as an IBR welder?

Related or Confusing Services

- Approval of Firms as Boiler Erector/Approval of Boiler Erectors — Service ID 57
- Endorsement of IBR Welder — Service ID 56
- Approval of Boiler Manufacturers — Service ID 58

Common User Phrases

- I work as a boiler repairer.
- Boiler erector endorsement chahiye.
- How can I get approval as a boiler repairer?
- I do boiler erection work.

Recommendation Restriction

The exact distinction between this endorsement and firm approval must be verified by the department before final chatbot publication.

5.14 Endorsement of IBR Welder

Service ID: 56

Department: Factories & Boilers Organisation

Common Names and User Terms

- IBR welder approval
- IBR welder endorsement
- Boiler welder licence
- Welder certification for boiler work
- IBR welding approval
- Welder endorsement

Who Should Consider This Service?

A welder seeking endorsement or recognition to perform welding work governed by applicable boiler requirements.

Consider This Service When

- The applicant is a welder.
- The applicant specifically requests IBR welder endorsement.
- The user performs welding related to boilers or regulated pipelines.
- The user asks for boiler-welding certification or approval.

Do Not Recommend This Service When

- The applicant is a boiler erector firm.
- The applicant is seeking boiler manufacturer approval.
- The user only needs pipeline installation approval.
- The user is the boiler owner seeking boiler registration.

Clarification Questions

1. Are you applying as an individual welder?
2. Is the welding work related to boilers or regulated pipelines?
3. Do you need welder endorsement or approval of a company?
4. Are you already endorsed and seeking renewal or another action?

Related or Confusing Services

- Endorsement of Boiler Erector/Repairer — Service ID 55
- Approval of Firms as Boiler Erector — Service ID 57
- Approval for Steam Pipeline Erection — Service ID 54

Common User Phrases

- I am an IBR welder.
- Boiler welding approval chahiye.
- How do I get IBR welder endorsement? □ Welder certificate for boiler work.

Recommendation Restriction

Do not recommend this service to a firm unless the department confirms that firms can use the same endorsement process.

5.15 Approval of Firms as Boiler Erector/Approval of Boiler Erectors

Service ID: 57

Department: Factories & Boilers Organisation

Common Names and User Terms

- Boiler erector firm approval
- Boiler erection company approval
- Boiler erector registration
- Boiler erection contractor approval
- Firm approval for boiler erection
- Boiler erector company licence

Who Should Consider This Service?

A firm, company, or organisation seeking approval to undertake boiler erection work.

Consider This Service When

- The applicant is a firm rather than an individual.
- The business undertakes boiler erection work.
- The organisation needs approval as a boiler erector.
- The user specifically asks about approval of a boiler erection firm.

Do Not Recommend This Service When

- The applicant is only an individual welder.
- The applicant seeks individual erector or repairer endorsement.
- The user is a boiler owner seeking registration.
- The applicant manufactures boilers.
- The request is only for approval of one pipeline project.

Clarification Questions

1. Are you applying as a firm, company, or individual?
2. Does your firm undertake boiler erection work?
3. Do you need firm approval or individual endorsement?
4. Does the firm also manufacture or repair boilers?

Related or Confusing Services

- Endorsement of Boiler Erector/Repairer — Service ID 55
- Endorsement of IBR Welder — Service ID 56
- Approval of Boiler Manufacturers — Service ID 58

Common User Phrases

- My company installs boilers.
- We need boiler erector firm approval.
- Boiler erection contractor registration kaise kare?
- Which service is for approval of a boiler erection company?

Recommendation Restriction

The chatbot must confirm whether the applicant is a firm or an individual before choosing between Service IDs 55 and 57.

5.16 Approval of Boiler Manufacturers

Service ID: 58

Department: Factories & Boilers Organisation

Common Names and User Terms

- Boiler manufacturer approval
- Boiler manufacturing licence
- Approval to manufacture boilers
- Boiler manufacturing company registration
- Boiler manufacturer registration
- Boiler banane ka approval

Who Should Consider This Service?

A firm or manufacturing business seeking approval to manufacture boilers.

Consider This Service When

- The applicant manufactures boilers.
- The user seeks manufacturer approval.
- The business wants recognition as an approved boiler manufacturer.
- The request concerns boiler production rather than installation or ownership.

Do Not Recommend This Service When

- The applicant only installs boilers.
- The applicant performs repair work.
- The applicant is an IBR welder.
- The user owns a boiler and wants registration.
- The user wants approval for a steam or feed pipeline.

Clarification Questions

1. Does your business manufacture boilers?
2. Are you applying as a manufacturing firm?
3. Do you manufacture boilers or only install or repair them?
4. Do you need manufacturer approval or registration of one new boiler?

Related or Confusing Services

- Approval of New Boiler Registration — Service ID 52
- Approval of Firms as Boiler Erector — Service ID 57
- Endorsement of Boiler Erector/Repairer — Service ID 55

Common User Phrases

- We manufacture boilers.
- Boiler manufacturer approval chahiye.
- How can my company become an approved boiler manufacturer?
- Boiler manufacturing licence kaunsa hai?

Recommendation Restriction

Do not confuse approval of a boiler manufacturer with registration of a specific boiler.

5.17 Approval of Boiler Feed Pipeline

Service ID: 73

Department: Factories & Boilers Organisation

Common Names and User Terms

- Boiler feed pipeline approval
- Feed-water pipeline approval □ Boiler water line approval
- Boiler feed pipe installation
- Feed pipeline erection
- Boiler feed line approval

Who Should Consider This Service?

An establishment seeking approval for a boiler feed-water pipeline or related feed pipeline installation.

Consider This Service When

- The pipeline supplies feed water to a boiler.
- A boiler feed pipeline is being installed or altered.
- The user specifically refers to a boiler feed line.
- Approval is required for the feed pipeline system.

Do Not Recommend This Service When

- The pipeline carries steam.
- The request is for new boiler registration.
- The user seeks approval as a boiler erector, welder, or manufacturer.
- The request is for a general water connection.
- The pipeline is unrelated to a boiler.

Clarification Questions

1. Does the pipeline carry boiler feed water or steam?
2. Is the pipeline connected to a boiler?
3. Is this a new installation or modification?
4. Do you need pipeline approval or boiler registration?

Related or Confusing Services

- Approval for Steam Pipeline Erection — Service ID 54
- Approval of New Boiler Registration — Service ID 52
- Apply for Water Connection — other departments

Common User Phrases

- Boiler feed water pipeline approval chahiye.
- We are installing a boiler feed line.
- Is this service for the pipe supplying water to the boiler?
- Feed pipeline ka approval kaise milega?

Recommendation Restriction

Confirm that the pipeline is a boiler feed-water pipeline and not a steam pipeline or normal water connection.

6. Common Confusion Rules

New Factory Plan vs Revised Factory Plan

Recommend **New Factory Plan Drawing Approval** when no approved factory plan exists.

Recommend **Revised Plan Drawing Approval for Existing Factory** when an already approved factory plan needs changes.

Factory Plan vs Factory Licence

Plan approval concerns the proposed or revised factory plan.

Factory licence concerns authorisation to operate the factory.

Do not present them as the same service.

New Factory Licence vs Renewal

Recommend **Grant of Factory License** when the user does not already hold the factory licence.

Recommend **Renewal of Factory License** when an existing licence must continue.

Renewal vs Amendment

Renewal continues the validity of an existing licence.

Amendment changes information recorded in the licence.

Ask whether the user wants extended validity or changed details.

Closure vs Reopening

Closure or de-registration is used when factory operations are being stopped.

Reopening is used when a previously closed factory is resuming operations.

New Boiler Registration vs Boiler Certificate Renewal

New boiler registration applies to a boiler that has not been registered.

Boiler certificate renewal applies to an existing registered boiler.

Steam Pipeline vs Boiler Feed Pipeline

Steam pipeline carries steam.

Boiler feed pipeline carries feed water or another configured feed supply to the boiler.

Ask what the pipeline carries.

Individual Endorsement vs Firm Approval

Service ID 55 may relate to endorsement of an erector or repairer.

Service ID 57 relates to approval of firms as boiler erectors.

The department must verify the exact distinction before final publication.

Boiler Manufacturer vs Boiler Erector

A boiler manufacturer produces boilers.

A boiler erector installs or erects boilers.

Do not recommend manufacturer approval to a company that only performs installation.

7. Sample Chatbot Conversations

Conversation 1 — New Factory

User: I want to start a new factory. Which service should I apply for?

Assistant: Do you currently need approval of the proposed factory plan, or has the plan already been approved and you now need the factory licence?

User: I need approval of the plan first.

Assistant: The likely service is **New Factory Plan Drawing Approval — Service ID 30**. This service is meant for approval of a proposed new factory plan. Documents, fees, and processing information should be checked from the service's latest configuration.

Conversation 2 — Existing Factory Layout Change

User: We already have a factory but have changed the building and machine layout.

Assistant: Since the factory already exists and the approved plan is being changed, the likely service is **Revised Plan Drawing Approval for Existing Factory — Service ID 39**. Do you also need to change any details in the factory licence?

Conversation 3 — Factory Licence Renewal

User: My factory licence is going to expire.

Assistant: Since you already have a factory licence and want to continue it, the likely service is **Renewal of Factory License — Service ID 41**. Your actual expiry date and renewal eligibility must be checked using your live licence details.

Conversation 4 — Factory Licence Amendment

User: My company address has changed in the factory licence.

Assistant: This appears to be a change to information in an existing factory licence, so **Amendment of Factory License — Service ID 42** may apply. Please confirm whether you only need to update licence details or whether the physical factory plan has also changed.

Conversation 5 — Factory Closure

User: We have permanently stopped factory operations.

Assistant: Do you want to formally close or de-register the factory?

User: Yes.

Assistant: The likely service is **Approval for Closure of Factory/De-registration — Service ID 44**.

Conversation 6 — Reopening

User: My factory was closed last year, but now I want to restart it.

Assistant: Since the factory was previously closed and you want to resume operations, **Approval for Re-opening of Factory — Service ID 45** may apply. Your earlier closure and licence details should be checked before proceeding.

Conversation 7 — New Boiler

User: We installed a new boiler. What should we apply for?

Assistant: Is the boiler already registered?

User: No.

Assistant: The likely service is **Approval of New Boiler Registration — Service ID 52**.

Conversation 8 — Boiler Renewal

User: My boiler certificate has expired.

Assistant: Since the boiler is already registered and its certificate requires continuation, the likely service is **Renewal of Boilers Certificate — Service ID 53**. The actual expiry and renewal conditions must be checked from live certificate data.

Conversation 9 — Steam Pipeline

User: We are installing a pipeline from our boiler.

Assistant: Will the pipeline carry steam or boiler feed water?

User: Steam.

Assistant: The likely service is **Approval for Steam Pipeline Erection — Service ID 54**.

Conversation 10 — Feed Pipeline

User: We need approval for the line supplying feed water to the boiler.

Assistant: The likely service is **Approval of Boiler Feed Pipeline — Service ID 73**.

Conversation 11 — Boiler Erector Firm

User: My company installs boilers for clients.

Assistant: Are you applying as a company or as an individual erector?

User: As a company.

Assistant: The likely service is **Approval of Firms as Boiler Erector/Approval of Boiler Erectors — Service ID 57**.

Conversation 12 — IBR Welder

User: I am a welder and need approval for boiler welding work.

Assistant: The likely service is **Endorsement of IBR Welder — Service ID 56**. Please confirm whether you are applying as an individual welder.

8. AI Answer Rules

The AI Assistant must:

- Use this document only to identify possible services.
- Ask clarification when more than one service may apply.
- Use the exact SWAAGAT service name and service ID when recommending.
- Clearly distinguish factory plan approval from factory licence.
- Clearly distinguish new licence, renewal, and amendment.
- Clearly distinguish factory closure from reopening.
- Clearly distinguish new boiler registration from boiler certificate renewal.
- Clearly distinguish steam pipeline from boiler feed pipeline.
- Clearly distinguish individual endorsement from firm approval.
- Clearly distinguish boiler manufacturer from boiler erector.
- State that the recommendation is based on the user’s description.
- Use generated service knowledge for fees, documents, CAF requirement, processing target, approval flow, renewal cycle, and certificate details.
- Use live application data for actual application status, payments, certificates, expiry dates, uploaded documents, and pending actions.

The AI Assistant must not:

- Invent legal thresholds.
- Invent eligibility conditions.
- Invent fees or processing timelines.
- Invent required documents.
- Guarantee that a service is legally applicable.
- Treat a keyword match as sufficient for recommendation. □ Recommend the generic “Others” service automatically.
- Recommend a new licence when the user needs renewal.
- Recommend an amendment when the user needs plan revision.

- Recommend reopening merely because a licence has expired.
- Treat a boiler owner, manufacturer, erector, repairer, and welder as the same applicant type.
- Claim that a user's certificate or licence is valid without checking live data.
