SUMMARY

Results-oriented software developer with 3 years of experience building and maintaining high-performance web applications. Proven expertise in PHP, Laravel, Magento 2, and RESTful APIs. Passionate about delivering secure, scalable, and user-friendly solutions that exceed client expectations.

PROFESSIONAL EXPERIENCE

Senior Engineer Magento Commerce

GlobalLogic (Hitachi Group of Company)

📅 08/2023 - 11/2024 📍 Gurgaon, India

- Developed and maintained Magento 2 eCommerce websites, ensuring optimal performance, security, and scalability.
- Customized Magento 2 modules and extensions to meet specific client requirements, including payment gateway integrations, shipping integrations, and custom product catalogs.
- Collaborated with cross-functional teams, including designers, product managers, and QA testers, to deliver high-quality eCommerce solutions.
- Implemented and maintained continuous integration and continuous deployment (CI/CD) pipelines to streamline development and deployment processes.

Backend Developer

Silvertouch Technologies Ltd

📅 12/2022 - 07/2023 📍 New delhi

- Developed and maintained web application back-end systems using PHP, Laravel, and CakePHP frameworks.
- Built and integrated RESTful APIs to facilitate communication between front-end and back-end systems.
- Collaborated with front-end developers to ensure seamless integration of back-end functionality with user interfaces
- Designed and optimized database schemas to ensure data integrity, efficiency, and scalability
- Wrote unit and integration tests to ensure code quality and application stability.

FullStack Developer

Mygrow Software Pvt. Ltd.

📅 04/2022 - 12/2022 📍 Work From Home

- Designed, developed, and deployed full-stack web applications using HTML, CSS, JavaScript, Bootstrap, PHP, and Laravel, ensuring responsiveness and cross-browser compatibility.
- Implemented front-end functionalities using JavaScript, jQuery, and AJAX to enhance user experience and interactivity.
- Developed and maintained RESTful APIs to facilitate communication between front-end and back-end components
- Integrated various third-party services, including payment gateways, to enhance application functionality and user experience.
- Collaborated with designers, product managers, and QA testers to ensure timely delivery of high-quality, user-centric web applications.

PROJECTS

<https://cooperatives.gov.in/en>
